WARNINGS Read Before Using Your Sega Dreamcast Video Game System

CAUTION

Anyone who uses the Sega Dreamcast should read the operating manual for the software and console before operating them. A responsible adult should read these manuals together with any minors who will use the Sega Dreamcast before the minor uses it.

HEALTH AND EPILEPSY WARNING

Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure.

If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using Sega Dreamcast.

In all cases, parents should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using Sega Dreamcast:

- Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
- Do not play if you are tired or have not had much sleep.
- Make sure that the room in which you are playing has all the lights on and is well lit.
- Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

OPERATING PRECAUTIONS

To prevent personal injury, property damage or malfunction:

- Before removing disc, be sure it has stopped spinning.
- The Sega Dreamcast GD-ROM disc is intended for use exclusively on the Sega Dreamcast video game system. Do not use this disc in anything other than a Sega Dreamcast console, especially not in a CD player.
- Do not allow fingerprints or dirt on either side of the disc.
- Avoid bending the disc. Do not touch, smudge or scratch its surface.
- Do not modify or enlarge the center hole of the disc or use a disc that is cracked, modified or repaired with adhesive tape.
- Do not write on or apply anything to either side of the disc.
- Store the disc in its original case and do not expose it to high temperature and humidity.
- Do not leave the disc in direct sunlight or near a radiator or other source of heat.
- Use lens cleaner and a soft dry cloth to clean disc, wiping gently from the center to the edge. Never use chemicals such as benzene and paint thinner to clean disc.

PROJECTION TELEVISION WARNING

Still pictures or images may cause permanent picture tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large-screen projection televisions.

SOFTWARE LICENSE AND LIMITED WARRANTY 15

Out of 10,000 Jedi in the Galactic Republic, you are the one. Chosen by your peers, you now stand in the Jedi Council Chamber high above the bustling metropolis of Coruscant. Encircled by great Jedi who sit in the stately chamber, a mission of great importance to the Republic is about to be bestowed upon you.

Far from Coruscant, deep in the reaches of space, the greedy Trade Federation has blocked shipments to the verdant planet Naboo. As a Jedi, it's your obligation to neutralize the threat of Trade Federation ascendancy and protect the interests of the Republic.

Your reverence for the power of the Force may be strong, but the resistance to your quest will be stronger yet. With destroyer droids guarding the Trade Federation battleship's corridors, battle droids lining the cobblestone paths of Theed, and the ominous presence of a Sith warrior, your Jedi skills will be tested to their limits—and beyond.

The task may be daunting, but trepidation has no place in the life of a Jedi. Whether you fight alone or cooperatively alongside another Jedi, deftly wield your formidable lightsaber for both offensive and defensive means and let the Force guide you to victory.

USING YOUR SEGA DREAMCAST CONTROLLER

Thank you for purchasing *Star Wars*™: **Episode I Jedi Power Battles**®. Please note that the software is designed only for use with the Sega Dreamcast console. Be sure to read this instruction manual thoroughly before you start playing.

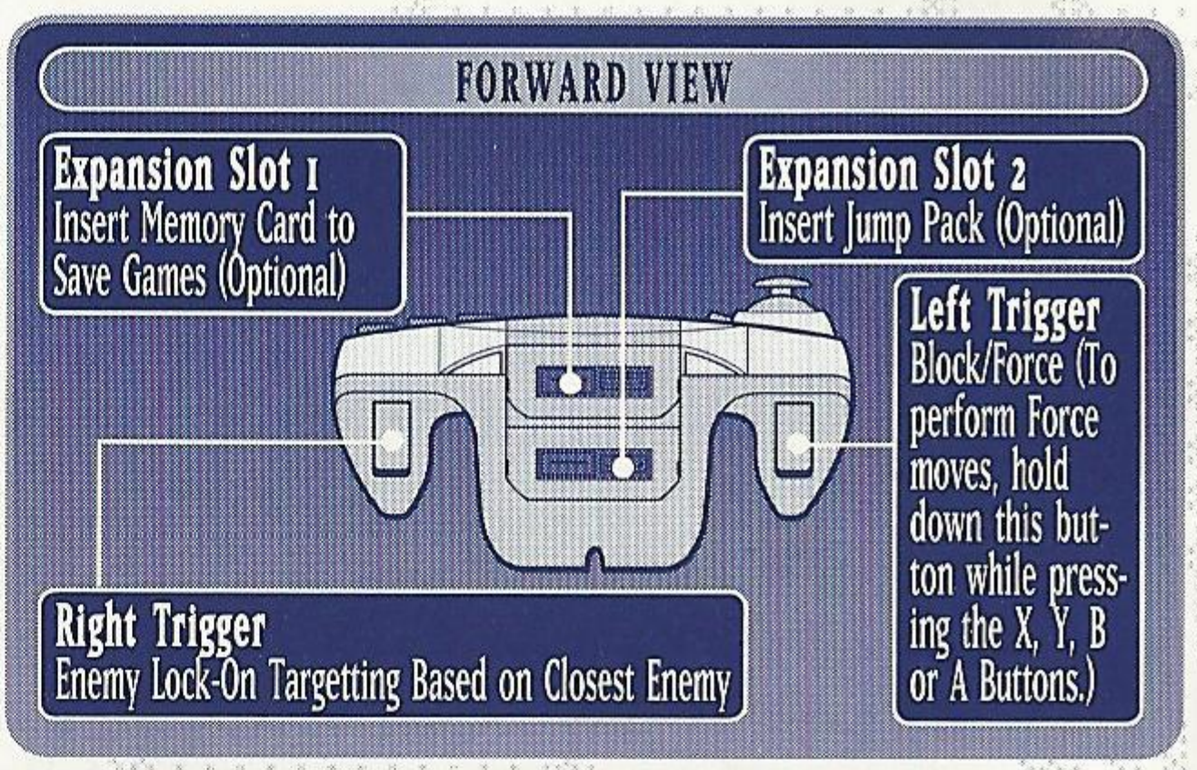

Jedi Power Battles is a one- or two-player game. Before turning the Sega Dreamcast power ON, connect controllers or other peripherals (if applicable) into the Sega Dreamcast Controller Ports. Connect one controller to Control Port A. To play with two people, connect an additional controller (sold separately) to Port B.

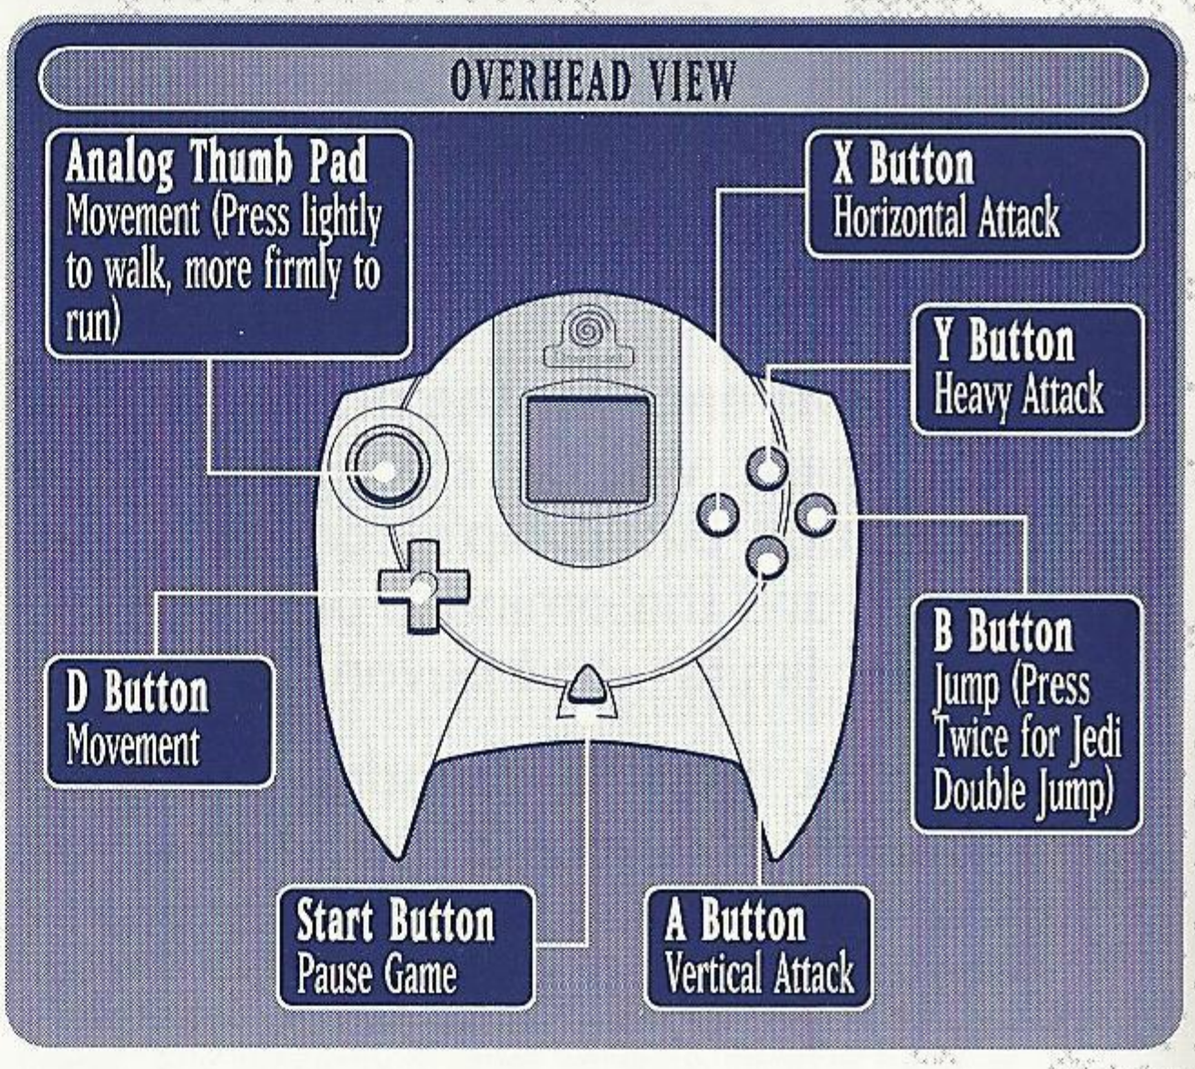

CAUTION: Never touch the Analog Thumb Pad or the Triggers L/R while turning the Sega Dreamcast power ON. Doing so may disrupt the controller initialization procedure and result in malfunction. If the Analog Thumb Pad or Triggers L/R have been accidentally moved while turning the power ON, immediately turn the power OFF and ON, making sure not to touch the Sega Dreamcast Controller.

To reset the game and return to the title screen at any point during the game, simultaneously hold the **A**, **B**, **X**, **Y** and **Start** Buttons on the controller.

CONTROL SUMMARY

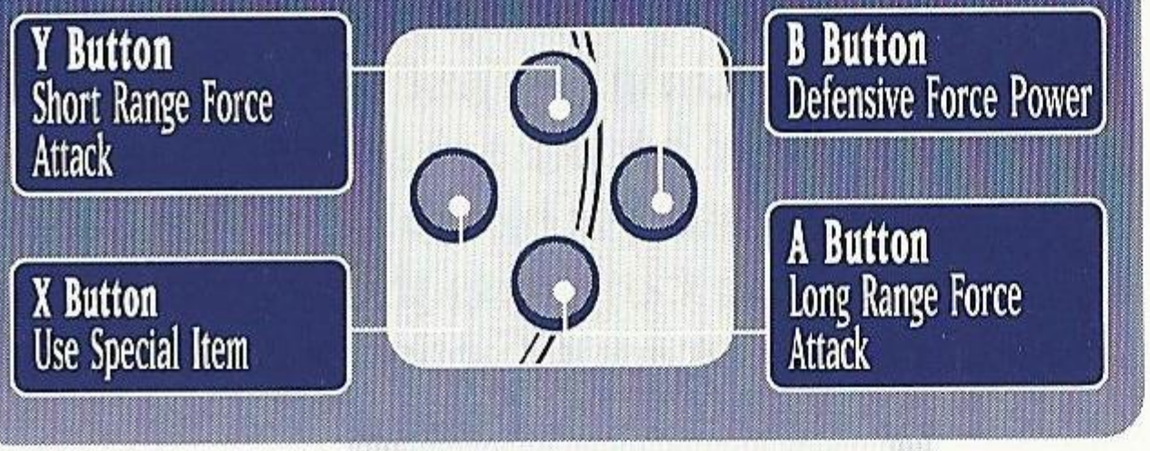

The game controls are all set to their default settings. To change the control settings, see Options Menu on page 6 for details.

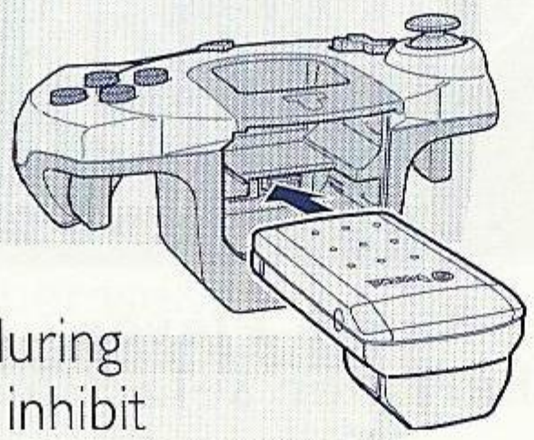

FORCE ATTACKS

When holding down Block (Left Trigger), Force powers can be activated if available.

JUMP PACK (sold separately)

When using a Sega Dreamcast Jump Pack™, insert it into Expansion Slot 2 rather than Expansion Slot 1 of the Sega Dreamcast Controller. The Jump Pack does not lock into place in Expansion Slot 1 and may fall out during game play or otherwise inhibit game operation.

PLAYING THE GAME

Upon starting **Jedi Power Battles,** you will be presented with the Main Menu. Make the following selections: New Game, Load Game, Training, Versus Mode and Options.

Training

In this mode you'll get missions to hone your fighting skills. Complete all seven to reveal a secret.

Versus Mode

Here you can play head-to-head versus a friend or just practice your technique.

As you defeat certain characters throughout the game, those characters become playable in Versus Mode with all your combos unlocked.

Press the **A** Button to make your selection.

JEDI POINTS & UPGRADES

Each time you destroy an enemy in **Jedi Power Battles,** you will be rewarded a certain number of points based on the type of enemy you defeat and which process you use to defeat it. When your total points tally to certain milestones at the end of a level, you will be given a number of options. These include: upgrading the Health Bar or Force Bar; obtaining new Force powers; and learning new combination moves for your character. Points can also be acquired by picking up most powerup items on each level.

GAME SCREEN

Although the scenery and action on the screen is constantly changing in **Jedi Power Battles**, there are a few elements of the game screen that are always the same:

① Player 1 Score

Your current game score. Improving your score will lead to special bonuses, Force power upgrades and other surprises. If a second player is in the game, his or her score will appear in the top right.

② Special Item

Each character has a Special Item in the game. This display lists the number of Special Items you have in your arsenal. If there are two players in the game, the second player's Special Item count is displayed in the bottom right.

③ Health Bar

Under each character and enemy in the game there is a green Health Bar Indicator. (Hold the Left Trigger and press the **Start** Button to change the Health Bar location.) The white line on the right side of the bar indicates the maximum attainable health.

④ Block Threshold Meter

Blocking gets depleted with use. When this yellow bar turns red, blocking will fail. This meter will recharge over time.

⑤ Force Power Bar

Jedi characters also have a blue bar that indicates Force power. As you use Force powers, the bar will shrink. Picking up Force powerups throughout the game can recharge your Force power.

⑥ Credits

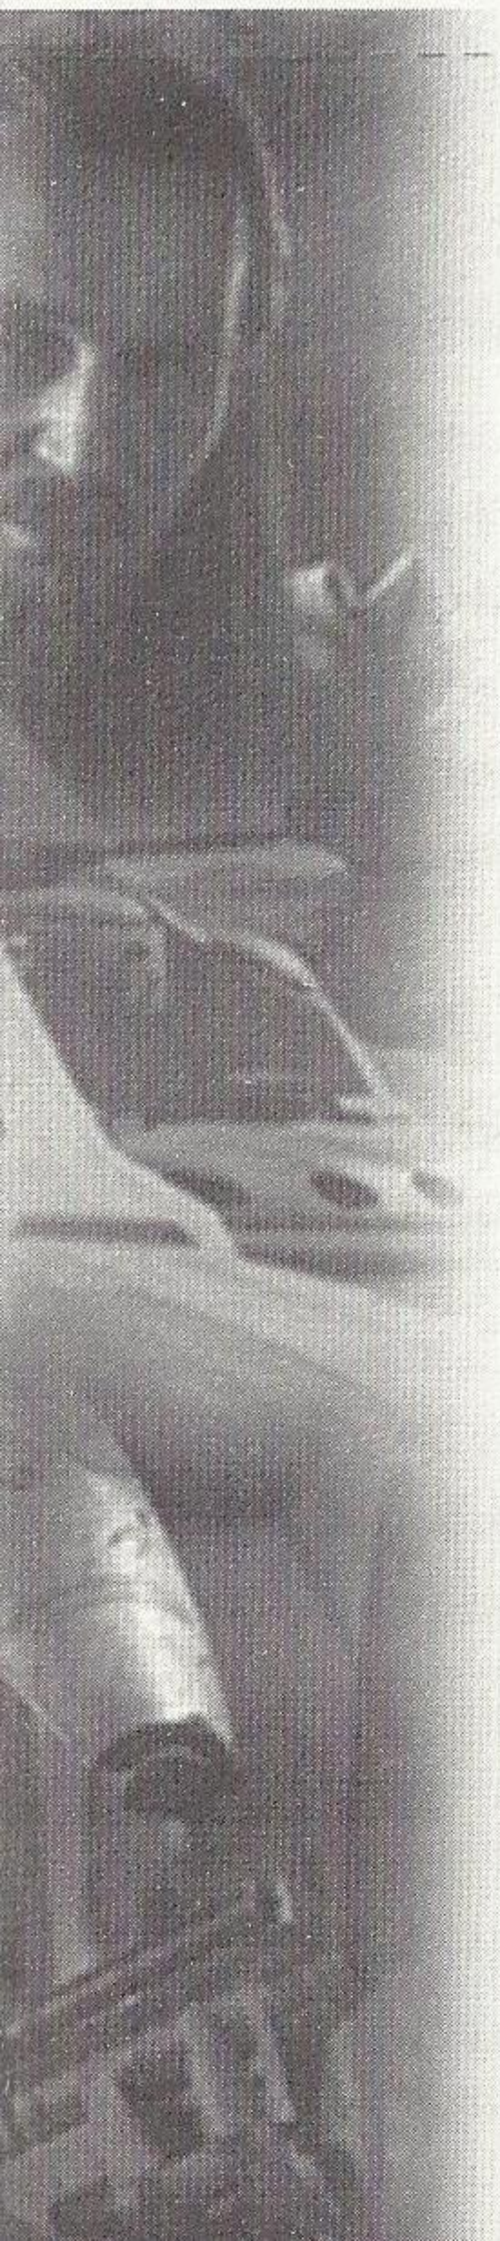

Shows how many lives you have. You will lose a life if your Health Bar runs out or you fall to your death. In a two-player game, both Jedi share credits.

⑦ Lock-On/Targeting Indicator

Circle on ground shows targeted enemy. The circle will be the Jedi's lightsaber color.
